Education

Carleton University & Algonquin College

Sept 2024 – April 2029

Bachelor of Information Technology, Interactive Multimedia and Design

Ottawa, ON

- **GPA:** 3.7/4.0 (10.0/12.0) **Coursework:** Web Development & Interactive Media, Human-Computer Interaction, Game Design and Development, UX Design

Skills

Programming Languages: Python, Java, C++, C#, JavaScript, SQL (Postgres, SQLite), Swift, HTML, CSS

Frameworks & Tools: Django, Unity, Unreal Engine, Git/GitHub, VS Code, Arch Linux, Power BI, Databricks, SAP, Arduino, Fusion 360

Concepts & Practices: Full-stack web development, REST APIs, hardware/serial integration, IT endpoint provisioning, Agile/Scrum (Jira, Notion, Trello)

Projects

QueueUp — Full-Stack Django Application

Jan 2026 – April 2026

- Built and deployed a full-stack web app with authentication, lobby creation, join-request approval, game browsing, and real-time chat; integrated the IGDB API and shipped to a live server via Render.
- Tech: Django, Python, JavaScript, HTML, CSS, IGDB API, Render github.com/vinit-rao/queueup-django

Benny's Frozen Adventure — Hardware-Integrated Game

Jan 2026 – Feb 2026

- Programmed core mechanics and an isometric camera system in C#, with interactive object logic driving the catching gameplay loop.
- Engineered a custom Arduino game controller using real-time serial communication to translate joystick and sensor input into Unity engine mechanics.
- Tech: Unity, C#, Arduino, Visual Studio, Maya github.com/vinit-rao/bennys-frozen-adventure

Experience

Systems Analyst Co-op

May 2026 – Aug 2026

Marcan Pharma

Ottawa, ON

- Built an internal order-entry web application enabling sales representatives to submit client orders that post directly into SAP, replacing a manual workflow.
- Trained in Power BI and Databricks, supporting reporting and data-analysis tasks across the team.
- Reduced time on recurring tasks by scripting an Excel-to-formatted-CSV converter for bulk credential entry and adopting AI-assisted workflows.
- Provisioned and secured employee workstations: system imaging, security stack (Zscaler, CrowdStrike, firewall), SAP, network drives, printer and admin configuration, and OneDrive migration.
- Provided daily technical support to employees and configured Cisco meeting rooms as bookable resources for company-wide scheduling.

UX/UI Designer

Nov 2025 – May 2026

CU Hacking

Ottawa, ON

- Designed a custom event dashboard and mobile app, building user flows that served 500+ participants across web and mobile for the hackathon.

Additional Experience

Multimedia Designer / Cinematographer, Sachin Rao (2020 – 2026) | **Video Editor**, WhyDNA (2024)
| **AV Technician**, Ottawa Tamil Sangam (2019 – 2021)
